Welcome to the mid December enews.

As we approach our 2nd Covid dominated Christmas I hope you are looking forward in good health and an optimistic spirit. Best of luck with keeping to your New Year Resolutions.

I will take a short break and the next enews will be January 2022.

Good news - the library at Joyden's Wood has re-opened for members to do their research on Wednesdays. At present it is open and staffed by library volunteers from midday to 4pm.

Our Society Librarian, Janet, asks those who want to come to book a time slot to prevent overcrowding. Janet's phone number is 01322 384836. Janet has told me that most people come about midday and stay til 3.30pm or so. At the moment there is plenty of space for everyone who has booked.

There are three PCs for research; or you can use your own device but if using your own device you need to join Kent Libraries to be able to log in to the library edition of Ancestry, FindmyPast and other resources.

**Library at: 80 Summerhouse Drive, Joydens Wood, Kent DA5 2EE**

Parking in nearby roads.

#### **Speaker Myko Clelland will introduce the 1921 Census of England and Wales.**

The 1921 Census of England and Wales is here. Join Findmypast for an unmissable exploration of the biggest new arrival in family history. After years spent digitising and transcribing this unique snapshot of our recent history, discover the stories and secrets contained within. Along with the historical context, tips for effective searching and using it to trace elusive relatives, we'll learn how the 1921 Census will help you understand your ancestors' lives better. And your own.

Myko Clelland, Regional Licensing and Outreach Manager, talks about the 1921 England and Wales census, due to be published by Find My Past [www.findmypast.co.uk](http://www.findmypast.co.uk) on 6 January 2022. This census was taken between two world wars, during a period of economic turmoil and at a time when women had just won the right to vote, the 1921 Census should provide some fascinating insights about society and how it has evolved over the past 100 years.

A recording of the meeting will be made available on the website for members only at a later date.

The *Zoom* link will be published on the website [www.nwkhfs.org.uk](http://www.nwkhfs.org.uk) nearer the date.

#### **January 2022**

**5th Errors, Lies and Misinformation David Cufley 7.30pm - 9.30pm**

Capacity: 25 participants

A workshop discussing errors in official records and commercial search engines and how to try and spot them. Case studies will be used as part of the discussions.

Do you believe what your ancestors told officials and their families?

Do you believe what other researchers tell you, how good is their research?

Are transcriptions accurate and do the indexes reflect the original documents?

Mark Twain said if you don't read the newspaper, you're uninformed. If you read the newspaper you're misinformed. You could apply this to family history documents. This workshop will give you the tools to avoid researching someone else's family as yours.

## Society Facebook Group

<https://www.facebook.com/groups/767236786758351>

Why not join the Society Facebook Group? It's a great source of information between issues of enews. For example, this came in to my email on 2 December ie after the last enews had been issued and would have been out of date by this issue.

I received it from MyHeritage and posted it on FB the same day.

*"Enjoy Free Access to our Huge City Directories Collection*

*We are pleased to offer free access for a limited time only to our huge collection of historical U.S. city directories. The collection includes 25,000 public U.S. city directories published between 1860 and 1960, with over 1.3 billion entries that have been consolidated into 561 million easily searchable records. These records will be available to search for free from December 2–7, 2021"*

I just put in my study surname GRADWICK without using any of the many other filters because I expected very few results (there were 45). I did select 'match exactly'. Without 'match exactly' there were nearly 66,000 results.

I found it very easy to copy and paste my 45 exact results into a doc on my laptop. It was only necessary to copy three pages. It would be longer to copy the actual records which you'd have to do one by one.

Also, you need to create a free account with MyHeritage to view the records. But, overall, a load of free info which I wouldn't otherwise have had access to.

## The 1921 census

Do make sure you log into Zoom to hear Myko Clelland's talk about the 1921 census on 27 January.

If you are fortunate enough to live in travelling distance of the three hubs you can access the census online free of charge.

The National Archives Advises:

*We're excited to announce two regional hubs that will provide free online access to the 1921 Census of England and Wales from 6 January 2022.*

*The census will be available online via our commercial partner [Findmypast](#) and will be free to access in this way at [The National Archives](#), in Kew.*

*In addition, visitors to the [Manchester Central Library](#) and the [National Library of Wales](#) will also be able to access the 1921 Census via the Findmypast website for free next year.*

Just wondering how busy these hubs will be on 6 January!

## Easyfundraising

[Click here](#) to raise donations for North West Kent Family History Society whenever you shop online. Turn your everyday online shopping into FREE donations.

**So far the Society has 40 easyfundraising supporters who have raised over £700.**

I am one of them and, although the Society receives donations from retailers whenever I buy online or click and collect, it does not cost me any extra.

**Look Behind You!!**

I went to the PANTO in London yesterday and am pleased to report that the London Palladium was almost full (sorry Chris Whitty) - evidently those who booked weren't doomsters who later cancelled.

In the UK, the news is sadly full of the devastating impact of Omicron on hospitality, and some shows have cancelled performances.

I was reading recently that 100 years ago Pantomimes were already popular: Aladdin was showing at the London Hippodrome.

A member who uses Alan Godfrey maps has suggested I mention them here as new ones are due out for Bexley and Dartford at a very reasonable charge.

*I am a volunteer creating this e-news in my 'spare time' but, if you do notice any errors, please tell me, so that they are not carried forward to the next edition.*

*I often get asked to publicise family history fairs, new books on genealogy and small genealogy businesses. I use my discretion in including ones which are local to our area or which I think may interest readers. It does not mean that I or NWKFHS has any personal knowledge, or makes any recommendation, about the event or business.*

*If there is anything else I should be aware of, to give you maximum benefit from this enews service, please let me know. I do receive many suggestions and requests for external events to be included, but there is only room for so much and I am conscious that the longer this email is, the less likely it is to be read. Some external events I publish on our Facebook page instead. But I'd welcome your opinions on the length and content and whether there is anything additional you'd like included.*

*Please mention it to others and encourage them to sign up so that we can keep society members and anyone interested in family history informed of NWKFHS activities.*
